Culture Catalyst

Every founder starts with a vision of building a workplace they'd actually want to work in.

But somewhere between startup and scale, something breaks — culture frays, expectations blur, and trust quietly erodes.

Culture Catalyst steps in when the wheels are wobbling — bringing calm, clarity, and swift resolution to the conflict at hand, while uncovering the deeper systems that allowed it to take root.

Then we fix that — so it doesn't happen again.

K&J Party Rentals

"We are a home-based party rental and balloon decor company that began in 2020 during the pandemic. Jonathan and I wanted to bring joy back to our community through balloon decor and small gatherings. We're both active in local sports and school events, and we raise our two children in West Babylon. I'm a certified balloon artist, and Jonathan is an electrician with Local 25. Since starting in 2020, I've participated in balloon builds across the U.S. and internationally, including a big balloon build in London featured on Channel News 12. What started as a small business has grown into something truly special. We're excited to continue bringing balloon magic to events, and we're grateful to be part of the chamber.
